

GALLEHR+PARTNER®

Brief Company Profile

GALLEHR+PARTNER®

Company Profile

GALLEHR+PARTNER®

- The pilots for industry towards climate neutrality

GALLEHR+PARTNER® has established itself as a leading provider of climate protection, energy efficiency and sustainable energy procurement services with the claim of being a pilot for the industry into a competitive and climate-friendly future. The client base of Gallehr Sustainable Risk Management GmbH includes a large number of nationally and internationally renowned companies, including those listed on the stock exchange, primarily from the industrial, energy supply, agricultural and aviation sectors. We have been active on the market since 2007 and have already been able to successfully apply our know-how to more than 100 companies with the help of our experienced consultants and experts, who now number 25*, as well as our cooperation partners.
